## **INFORMATION TECHNOLOGY (IT) SYSTEMS PERSONNEL SECURITY PROGRAM REQUIREMENTS**

The U.S. Government conducts trustworthiness investigations of personnel who are assigned to positions that directly or indirectly affect the operation of unclassified IT resources and systems that process Department of Defense (DoD) information, to include For Official Use Only (FOUO) and other controlled unclassified information.

The United States Office of Personnel Management (OPM), Federal Investigations Processing Center (FIPC) process all requests for U.S. Government trustworthiness investigations. Requirements for these investigations are outlined in paragraph C3.6.15 and Appendix 10 of DoD 5200.2-R, available at <http://www.dtic.mil/whs/directives/corres/html/52002r.htm>. Personnel occupying an IT Position shall be designated as filling one of the IT Position Categories listed below. The contractor shall include all of these requirements in any subcontracts involving IT support. (Note: Terminology used in DoD 5200.2R references "ADP" vice "IT". For purposes of this requirement, the terms ADP and IT are synonymous.)

The Program Manager (PM), Contracting Officer's Representative (COR) or Technical Representative (TR) shall determine if they or the contractor shall assign the IT Position category to contractor personnel and inform the contractor of their determination. If it is decided the contractor shall make the assignment, the PM, COR, or TR must concur with the designation.

DoDD Directive 8500.1, Subject: Information Assurance (IA), paragraph 4.8 states "Access to all DoD information systems shall be based on a demonstrated need-to-know, and granted in accordance with applicable laws and DoD 5200.2R for background investigations, special access and IT position designations and requirements. An appropriate security clearance and non-disclosure agreement are also required for access to classified information in accordance with DoD 5200.1-R (reference (o))." DoD 5200.2R and DoDD 5200.2 require all persons assigned to sensitive positions or assigned to sensitive duties be U.S. citizens. All persons assigned to IT-I and IT-II positions, as well as all persons with access to controlled unclassified information (without regard to degree of IT access) or performing other duties that are considered "sensitive" as defined in DoDD 5200.2 and DoD 5200.2R must be U.S. citizens. Furthermore, access by non-U.S. citizens to unclassified export controlled data will only be granted to persons pursuant to the export control laws of the U.S. The categories of controlled unclassified information are contained in Appendix 3 of DoD 5200.1R. These same restrictions apply to "Representatives of a Foreign Interest" as defined by DoD 5220.22-M (National Industrial Security Program Operating Manual, NISPOM).

### **Criteria For Designating Positions:**

#### **IT-I Position (Privileged)**

- Responsibility or the development and administration of Government computer security programs, and including direction and control of risk analysis and/or threat assessment.
- Significant involvement in life-critical or mission-critical systems.
- Responsibility for the preparation or approval of data for input into a system, which does not necessarily involve personal access to the system, but with relatively high risk for effecting grave damage or realizing significant personal gain.
- Relatively high risk assignments associated with or directly involving the accounting, disbursement, or authorization for disbursement from systems of (1) dollar amounts of \$10 million per year or greater, or (2) lesser amounts if the activities of the individual are not subject to technical review by higher authority in the IT-I category to ensure the integrity of the system.
- Positions involving major responsibility for the direction, planning, design, testing, maintenance, operation, monitoring, and/or management of systems hardware and software.
- Other positions as designated by Space and Naval Warfare Systems Center Pacific (SSC Pacific) that involve relatively high risk for effecting grave damage or realizing significant personal gain.

Personnel whose duties meet the criteria for IT-I Position designation require a favorably adjudicated Single Scope Background Investigation (SSBI) or SSBI Periodic Reinvestigation (SSBI-PR). The SSBI or SSBI-PR shall be updated every 5 years by using the Electronic Questionnaire for Investigation Processing (eQIP) web based program (SF86 format).

#### IT-II Position (Limited Privileged)

Responsibility for systems design, operation, testing, maintenance, and/or monitoring that is carried out under technical review of higher authority in the IT-I category, includes but is not limited to:

- Access to and/or processing of proprietary data, information requiring protection under the Privacy Act of 1974, and Government-developed privileged information involving the award of contracts;
- Accounting, disbursement, or authorization for disbursement from systems of dollar amounts less than \$10 million per year. Other positions are designated by Space and Naval Warfare Systems Center Pacific that involve a degree of access to a system that creates a significant potential for damage or personal gain less than that in IT-I positions. Personnel whose duties meet the criteria for an IT-II Position require a favorably adjudicated National Agency Check (NAC).

#### IT-III Position (Non-Privileged)

- All other positions involving Federal IT activities. Incumbent in this position has non-privileged access to one or more DoD information systems, application, or database to which they are authorized access. Personnel whose duties meet the criteria for an IT-III Position designation require a favorably adjudicated NAC.

#### **Qualified Cleared Personnel Do NOT Require Trustworthiness Investigations:**

If an employee is in a position that **does not** require a personnel security clearance, **do not** submit a request for clearance, simply submit the **Public Trust Position Application**, Standard Form (SF) 85P, for trustworthiness determination. If an employee has already been granted a personnel security clearance at the appropriate level without a break in service for more than 24 months, and in the case of IT-I Position has had a completed Personnel Security Investigation (a Single Scope Background Investigation-SSBI) less than 5 years old, you do **not** need to submit an additional investigation for the trustworthiness determination.

#### **Procedures for submitting U.S. Government Trustworthiness Investigations:**

**Only hard copy SF85Ps are acceptable by OPM-FIPC.** The contractor will ensure personnel complete either the hard copy SF 85P or the online—fillable form of the SF85P. The SF85P is available from OPM at <http://www.opm.gov>.

The SF85P - request package, shall include:

- A hard copy of the SF85P;
- All pertinent signed release forms;
- SF87 Fingerprint Card or electronic fingerprint transmission

The FSO is responsible for completing the following items located on the top portion of the SF85P: 1) Clearly indicate for item "A" if the Trustworthiness Investigation is for an 08B (IT-II position) or an 02B (IT-III position), and 2) item "I" must contain the name of the position and the contract number.

The company shall review the SF85P for completeness and use SECNAV M-5510.30, Appendix G available at <https://doni.daps.dla.mil/secnavmanuals.aspx> to determine if any adverse information is present. Additional guidance for requesting investigations from OPM is found at <http://www.opm.gov>. Completed SF85P packages will be mailed to:

Commanding Officer, Space and Naval Warfare Systems Center Pacific, Code 83310 (SF85P), 53560 Hull Street, San Diego, CA 92152-5001. Note: All forms must be signed within 60 days of the date of submission. Submitted forms, which are not received within these 60 days, will be delayed or returned. If no change has occurred, forms must be re-dated and initialed by the Subject/employee.

The Office of the Chief Naval Operations has provided the following guidance in their letter Ser N09N2/8U223257 dated 9 October 2008 which states in paragraph 2 that the "contractor fitness determinations made by the DON CAF will be maintained in the Joint Personnel Adjudication System (JPAS). Favorable fitness determinations will support public trust positions only and not national security eligibility. If no issues are discovered, according to respective guidelines a "Favorable Determination" will be populated in JPAS and will be reciprocal within DoN. If issues are discovered, the DoN CAF will place a "No Determination Made" in the JPAS and forward the investigation to the submitting office for the commander's final determination."

For Trustworthiness Investigations that have been returned to Space and Naval Warfare Systems Center Pacific Security Office with a "No Determination Made" decision, your company will be notified in writing. If an individual received a negative trustworthiness determination, they will be immediately removed from their position of trust, the contractor will follow the same employee termination processing above, and they will replace any individual who has received a negative trustworthiness determination.

If you require additional assistance for SF85P or related concerns, you may send email to SPAWARSYSCEN PAC at SF85P@spawar.navy.mil.

#### **Visit Authorization Letters (VALs) for Qualified Employees:**

Contractors that have been awarded a classified contract must submit visit requests using "only" the Joint Personnel Adjudication System (JPAS). All government activities have been directed to use JPAS when transmitting or receiving VALS. Therefore, contractors who work on classified contracts are required to have established an account through JPAS for their facility. This database contains all U.S. citizens who have received a clearance of Confidential, Secret, and/or Top Secret. The visit request can be submitted for one year. When submitting visit requests to Space and Naval Warfare Systems Center Pacific use its Security Management Office (SMO) number (660015). This information is provided in accordance with guidance provided to contractors via the Defense Security Service (DSS) website [https://www.dss.mil/portal/showbinary/bea%20repository/new\\_dss\\_internet/about\\_dss/press\\_room/jpas\\_procedures\\_final.pdf](https://www.dss.mil/portal/showbinary/bea%20repository/new_dss_internet/about_dss/press_room/jpas_procedures_final.pdf) (DSS guidance dated 24 April 2007, subject: ***Procedures Governing The Use Of JPAS By Cleared Contractors***).

#### **Employment Terminations:**

The contractor shall:

- Immediately notify the COR or TR of the employee's termination.
- Fax a termination VAL to Code 83320 at (619) 553-6169.
- Return any badge and decal to Code 83320.

## SPECIFIC ON-SITE SECURITY REQUIREMENTS

### I. GENERAL.

- a. Contractor Performance. In performance of this Contract the following security services and procedures are incorporated as an attachment to the DD 254. The Contractor will conform to the requirements of DoD 5220.22-M, Department of Defense National Industrial Security Program, Operating Manual (NISPOM). When visiting the Space and Naval Warfare Systems Command (SPAWARSYSCOM) at Old Town Campus (OTC) the Contractor will comply with the security directives used regarding the protection of classified and controlled unclassified information, SECNAVINST 5510.36 (series), SECNAVINST 5510.30 (series), and NRADINST 5720.1(series). Both of the SECNAV Instructions are available online at <http://neds.nebt.daps.mil/directives/table52.html>. A copy of NRADINST 5720.1 will be provided upon receipt of a written request from the Contractor's Facility Security Officer (FSO) to the SPAWAR Systems Command Security's Contracting Officer's Representative (COR), Code 83351. If the Contractor establishes a cleared facility or Defense Security Service (DSS) approved off-site location from SPAWAR SYSCOM, the security provisions of the NISPOM will be followed within this cleared facility.
- b. Security Supervision. Space and Naval Warfare Systems Center Pacific will exercise security supervision over all contractors visiting SPAWAR SYSCOM and will provide security support to the Contractor as noted below. The Contractor will identify, in writing to Security's COR, an on-site Point of Contact to interface with Security's COR.

### II. HANDLING CLASSIFIED MATERIAL OR INFORMATION.

- a. Control and Safeguarding. Contractor personnel located at SPAWAR SYSCOM are responsible for the control and safeguarding of all classified material in their possession. All contractor personnel will be briefed by their FSO on their individual responsibilities to safeguard classified material. In addition, all contractor personnel are invited to attend SSC Pacific conducted Security Briefings, available at this time by appointment only. In the event of possible or actual loss or compromise of classified material, the on-site Contractor will immediately report the incident to SSC Pacific's Code 83310, telephone (619) 553-3005, as well as the Contractor's FSO. A Code 83310 representative will investigate the circumstances, determine culpability where possible, and report results of the inquiry to the FSO and the Cognizant DSS Field Office. On-site contractor personnel will promptly correct any deficient security conditions identified by a SSC Pacific Security representative.
- b. Storage.
  1. Classified material may be stored in containers authorized by SSC Pacific's Physical Security Branch, Code 83320 for the storage of that level of classified material. Classified material may also be stored in Contractor owned containers brought on board SPAWAR SYSCOM with Code 83352's written permission. Areas located within cleared contractor facilities on board SPAWAR SYSCOM will be approved by DSS.
  2. The use of Open Storage areas must be pre-approved in writing by Code 83320 for the open storage, or processing, of classified material. Specific supplemental security controls for open storage areas, when required, will be provided by SSC Pacific, Code 83320.
- c. Transmission of Classified Material.
  1. All classified material transmitted by mail for use by long term visitors will be addressed as follows:

- (a) TOP SECRET, Non-Sensitive Compartmented Information (non-SCI) material using the Defense Courier Service: SSC Pacific: 271582-SN00, SSC Pacific.
    - (b) CONFIDENTIAL and SECRET material transmitted by FedEx, USPS Registered, Express mail will be addressed to COMMANDER, SPACE & NAVAL WARFARE SYSTEMS COMMAND, 4301 PACIFIC HWY, SAN DIEGO CA 92110-3127. The inner envelope will be addressed to the attention of the Contracting Officer's Representative (COR) or applicable Technical Representative (TR) for this contract, to include their code number.
  2. All SECRET material hand carried to SPAWARSSYSCOM by contractor personnel must be delivered to the Classified Material Control Center (CMCC), Code 20332, building 33, room 1305, for processing.
  3. All CONFIDENTIAL material hand carried to SPAWARSSYSCOM by contractor personnel that is intended to remain at SPAWARSSYSCOM shall be provided to the designated recipient or proper cleared SPAWARSSYSCOM employee.
  4. All SPAWARSSYSCOM classified material transmitted by contractor personnel from SPAWARSSYSCOM will be sent via the SPAWARSSYSCOM Technical COR or TR for this contract.
  5. The sole exception to the above is items categorized as a Data Deliverable. All contract Data Deliverables will be sent directly to the Technical COR or TR and a notification of deliverables without attachments will be sent to the cognizant PCO, unless otherwise stated in the contract.
- III. INFORMATION SYSTEMS (IS) Security. Contractors using ISs, networks, or computer resources to process classified, sensitive unclassified and/or unclassified information will comply with the provisions of SECNAVINST 5239.3 (series) and local policies and procedures. Contractor personnel must ensure that systems they use at SPAWARSSYSCOM have been granted a formal letter of approval to operate by contacting their Information Assurance Office.
- IV. VISITOR CONTROL PROCEDURES.
- Title 18 USC 701 provides for criminal sanctions including fine or imprisonment for anyone in possession of a badge who is not entitled to have possession. Sec. 701. Official badges, identification cards, other insignia. Whoever manufactures, sells, or possesses any badge, identification card, or other insignia, of the design prescribed by the head of any department or agency of the United States for use by any officer or employee thereof, or any colorable imitation thereof, or photographs, prints, or in any other manner makes or executes any engraving, photograph, print, or impression in the likeness of any such badge, identification card, or other insignia, or any colorable imitation thereof, except as authorized under regulations made pursuant to law, shall be fined under this title or imprisoned not more than six months, or both.
- a. Contractor personnel assigned to SPAWARSSYSCOM will be considered long-term visitors for the purpose of this contract.
  - b. Contractors that have been awarded a classified contract must submit visit requests using "only" the Joint Personnel Adjudication System (JPAS). All government activities have been directed to use JPAS when transmitting or receiving VALs. Therefore, contractors who work on classified contracts are required to have established an account through JPAS for their facility. This database contains all U.S. citizens who have received a clearance of Confidential, Secret, and/or Top Secret. The visit request can be submitted for one year. When submitting visit requests to SPAWAR Systems Center Pacific use its Security Management Office (SMO) number (660015). This information is provided in accordance with guidance provided to contractors via the Defense Security Service (DSS) website  
[https://www.dss.mil/portal/ShowBinary/BEA%20Repository/new\\_dss\\_internet/about\\_dss/press\\_room/jpas\\_proced](https://www.dss.mil/portal/ShowBinary/BEA%20Repository/new_dss_internet/about_dss/press_room/jpas_proced)

[ures\\_final.pdf](#) (DSS guidance dated 24 April 2007, subject: ***Procedures Governing the Use of JPAS by Cleared Contractors***).

- c. For visitors to receive a SPAWAR Systems Center Pacific badge their Government point of contact must approve their visit request and the visitor must present government issued photo identification.
  - d. Visit requests for long-term visitors must be received at least one week prior to the expected arrival of the visitor to ensure necessary processing of the request.
  - e. Code 83320 will issue temporary identification badges to Contractor personnel following receipt of a valid VAL from the Contractor's FSO. The responsible SPAWARCOM COR will request issuance of picture badges to contractor personnel. Identification badges are the property of the U.S. Government, will be worn in plain sight, and used for official business only. Unauthorized use of an SSC Pacific badge will be reported to the DSS.
  - f. Prior to the termination of a Contractor employee with a SSC Pacific badge or active VAL on file the FSO must:
    - 1. Notify in writing Code 83320, the COR, Security's COR, and the laboratory managers of any laboratories into which the employee had been granted unescorted access of the termination and effective date. In emergencies, a facsimile may be sent or a telephone notification may be used. The telephone notification, however, must be followed up in writing within five working days.
    - 2. Immediately confiscate any SSC Pacific issued identification badge, (to include Common Access Card (CAC) and OP Form 55 card, if issued), and vehicle decals and return them to Code 83352 no later than five working days after the effective date of the termination.
  - g. Common Access Card (CAC).
    - 1. VAL must be on file, form completed and signed, approved by the contractor's COR, and sent to the Badge and Pass Office, Code 83320.
- V. INSPECTIONS. Code 83310 personnel may conduct periodic inspections of the security practices of the on-site Contractor. All contractor personnel will cooperate with Code 83310 representatives during these inspections. A report of the inspection will be forwarded to the Contractor's employing facility, Security's COR and Technical COR. The Contractor must be responsive to the Code 83310 representative's findings.
- VI. REPORTS. As required by the NISPOM, Chapter 1, Section 3, contractors are required to report certain events that have an impact on the status of the facility clearance (FCL), the status of an employee's personnel clearance (PCL), the proper safeguarding of classified information, or an indication classified information has been lost or compromised.
- a. The Contractor will ensure that certain information pertaining to assigned contractor personnel or operations is reported to Security's COR, Code 83310. If further investigation is warranted it will be conducted by Code 83310. This reporting will include the following:
    - 1. The denial, suspension, or revocation of security clearance of any assigned personnel;
    - 2. Any adverse information on an assigned employee's continued suitability for continued access to classified access;
    - 3. Any instance of loss or compromise, or suspected loss or compromise, of classified information;
    - 4. Actual, probable or possible espionage, sabotage, or subversive information; or

5. Any other circumstances of a security nature that would effect the contractor's operation on board SPAWARSSYSCOM.

- b. In addition to the NISPOM reporting requirements, any conviction and/or violation of the Foreign Corrupt Practices Act, or any other violation of the International Traffic in Arms Regulations (ITAR) shall immediately be reported to the Designated Disclosure Authority (DDA), COR/TR/PM and Contracting Officer.

#### VII. PHYSICAL SECURITY.

- a. SSC Pacific will provide appropriate response to emergencies occurring onboard this command. The Contractor will comply with all emergency rules and procedures established for SSC Pacific.
- b. A roving Contract Security Guard patrol will be provided by SSC Pacific. Such coverage will consist of, but not be limited to, physical checks of the window or door access points, classified containers, and improperly secured documents or spaces. Specific questions or concerns should be addressed to Code 83320.
- c. All personnel aboard SSC Pacific property are subject to random inspections of their vehicles and personal items. Consent to these inspections is given when personnel accept either a badge or a vehicle pass/decal permitting entrance to this command.
- d. Information about parking restrictions may be found on the Security web site at <https://iweb.spawar.navy.mil/services/security/html/Parking.html>.

#### VIII. COR RESPONSIBILITIES.

- a. Review requests by cleared contractors for retention of classified information beyond a two-year period and advise the contractor of disposition instructions and/or submit a Final DD 254 to Security's COR.
- b. In conjunction with the appropriate transportation element, coordinates a suitable method of shipment for classified material when required.
- c. Certify and approve Registration For Scientific and Technical Information Services requests (DD 1540) (DTIC).
- d. Ensure timely notice of contract award is given to host commands when contractor performance is required at other locations.
- e. Certify need-to-know on visit requests and conference registration forms.

#### IX. SPECIAL CONSIDERATIONS FOR ON-SITE CLEARED FACILITIES.

Any cleared contractor facility on board SPAWARSSYSCOM will be used strictly for official business associated with this contract. No other work may be performed aboard this facility. Additional SPAWARSSYSCOM contracts may be performed in this cleared facility, but only on a case-by-case basis. The COR, Security's COR, and Contracting Officer must all be in agreement that this particular arrangement best suits the needs of the Government. At the end of this contract the on-site facility must be vacated, with proper written notification being submitted to the DSS and Security's COR.

#### X. ITEMS PROHIBITED ABOARD SPAWARSSYSCOM AND SSC Pacific.

## CONTRACTOR REQUIREMENTS FOR ACCESS TO INTELLIGENCE INFORMATION

1. Intelligence material and information, either furnished by the user agency or generated under the contract performance, will **not** be:
  - a. Reproduced without prior approval of the originator of the material. All Intelligence material shall bear a prohibition against reproduction while in your custody; or
  - b. Released to foreign nationals or immigrant aliens who you may employ, regardless of their security clearance or access authorization, except with the specific permission of the Office of Naval Intelligence (ONI-5), via Security's Contracting Officer's Representative (COR); or
  - c. Released to any activity or person of the contractor's organization not directly engaged in providing services under the contract or to another contractor (including subcontractors), government agency, private individual, or organization without prior approval of the originator of the material, and prior approval and certification of need-to-know by the designated project manager/contract sponsor.
2. Intelligence material does not become the property of the contractor and may be withdrawn at any time. Upon expiration of the contract, all intelligence released and any material using data from the Intelligence must be returned to the COR or authorized representative for final disposition. The contractor shall maintain such records as will permit them to furnish, on demand, the names of individuals who have access to Intelligence material in their custody.
3. Access to Intelligence data will only be through cognizant government program managers/project engineers. Independent access is not inferred or intended.
4. Classified Intelligence, even though it bears no control markings, will not be released in any form to foreign nationals or immigrant aliens (including U. S. government employed, utilized or integrated foreign nationals and immigrant aliens) without permission of the originator.
5. You will maintain records that will permit you to furnish, on demand, the names of individuals who have access to Intelligence material in your custody.

## UNDERSEA WARFARE REQUIREMENTS—

1. Basic classification and downgrading or declassification instructions and various aspects of data releasability applicable to this contract are contained in OPNAVINST S5513.5B, enclosure (40) titled "SURVEILLANCE TOWED ARRAY SENSOR (SURTASS); enclosure (42) titled "SOUND SURVEILLANCE SYSTEM (SOSUS); enclosure (115) titled " ADVANCED DEPLOYABLE SYSTEMS (ADS); enclosure (131) titled "FIXED DISTRIBUTION SYSTEMS (FDS), which because of their classification level, are transmitted separately. Supplemental instructions for classification, or downgrading, or declassification and/or data releasability for program materials applicable to this contract shall also be transmitted separately.
2. All classified information documents generated, reproduced, or published under this contract shall be marked using the methods described in Chapter 4, of the National Industrial Security Program Operating Manual, DoD 5220.22-M. Downgrading or declassification instructions and authority for marking this material shall be taken from OPNAVINST S5513.5B, enclosure 40, 42, 115, or 131. Neither the contract number, nor the DD 254, shall EVER be cited as authority for classification, or downgrading, or declassification.
3. The Commander, Naval Sea System Command (NAVSEA) (PMS 485), via the Contracting Officer's Representative (COR), shall approve the distribution of all classified and unclassified material relating to this contract prior to transmission.
4. Information from this contract is NOT releasable to personnel possessing reciprocal clearances without written approval.
5. Need-to-know will be assumed for all government employees citing this contract number and SURTASS, SOSUS, ADS, or FDS on their visit requests to all contractor facilities.

### FOR OFFICIAL USE ONLY (FOUO) INFORMATION

1. The For Official Use Only (FOUO) marking is assigned to information at the time of its creation. It isn't authorized as a substitute for a security classification marking but is used on official government information that may be withheld from the public under exemptions 2 through 9 of the Freedom of Information Act (FOIA).

2. Use of FOUO markings doesn't mean that the information can't be released to the public, only that it must be reviewed by SPAWAR Systems Command San Diego CA prior to its release to determine whether a significant and legitimate government purpose is served by withholding the information or portions of it.

3. An UNCLASSIFIED document containing FOUO information will be marked "FOR OFFICIAL USE ONLY" on the bottom face and interior pages.

4. Classified documents containing FOUO do not require any markings on the face of the document; however, the interior pages containing only FOUO information shall be marked top and bottom center with "FOR OFFICIAL USE ONLY." Mark only unclassified portions containing FOUO with "(FOUO)" immediately before the portion.

5. Any FOUO information released to you by SPAWAR Systems Command San Diego CA is required to be marked with the following statement prior to transfer:

THIS DOCUMENT CONTAINS INFORMATION EXEMPT FROM MANDATORY DISCLOSURE UNDER THE FOIA.  
EXEMPTION(S) \_\_\_\_\_ APPLY.

6. Removal of the FOUO marking can only be accomplished by the originator or other competent authority. DO NOT REMOVE ANY FOUO MARKING WITHOUT WRITTEN AUTHORIZATION FROM SPAWAR SYSTEMS COMMAND SAN DIEGO CA OR THE AUTHOR. When the FOUO status is terminated you will be notified.

7. You may disseminate FOUO information to your employees and subcontractors who have a need for the information in connection with this contract.

8. During working hours, reasonable steps should be taken to minimize risk of access by unauthorized personnel. FOUO information shall be placed in an out-of-sight location if the work area is accessible to persons who do not have a need for the information. During nonworking hours, the information shall be stored in locked desks, file cabinets, bookcases, locked rooms, or similar items.

9. FOUO information may be transmitted via first-class mail, parcel post, fourth-class mail for bulk shipments only.

10. When no longer needed, FOUO information may be disposed by tearing each copy into pieces to preclude reconstructing, and placing it in a regular trash, or recycle, container or in the uncontrolled burn.

11. Unauthorized disclosure of FOUO information doesn't constitute a security violation but the releasing agency should be informed of any unauthorized disclosure. The unauthorized disclosure of FOUO information protected by the Privacy Act may result in criminal sanctions.

12. Electronic transmission of FOUO information (voice, data, or facsimile) should be by approved secure communications systems whenever practical.

## OPERATIONS SECURITY REQUIREMENTS

All work is to be performed in accordance with DoD and Navy Operations Security (OPSEC) requirements, per the following applicable documents:

- |  |  |
|--|--|
| - National Security Decision Directive 298 | -National Operations Security Program (NSDD) 298 |
| - DOD 5205.02                              | -DOD Operations Security (OPSEC) Program         |
| - OPNAVINST 3432.1                         | -DON Operations Security                         |
| - SPAWARINST 3432.1                        | -Operations Security Policy                      |

The contractor will accomplish the following minimum requirements in support of Space and Naval Warfare Systems Command (SPAWAR) Operations Security (OPSEC) Program:

- The contractor will practice OPSEC and implement OPSEC countermeasures to protect DOD Critical Information. Items of Critical Information are those facts, which individually, or in the aggregate, reveal sensitive details about SPAWAR or the contractor's security or operations related to the support or performance of this SOW, and thus require a level of protection from adversarial collection or exploitation not normally afforded to unclassified information.
- Contractor must protect Critical Information and other sensitive unclassified information and activities, especially those activities or information which could compromise classified information or operations, or degrade the planning and execution of military operations performed or supported by the contractor in support of the mission. Protection of Critical Information will include the adherence to and execution of countermeasures which the contractor is notified by or provided by SPAWAR, for Critical Information on or related to the SOW.
- Sensitive unclassified information is that information marked FOR OFFICIAL USE ONLY (or FOUO), Privacy Act of 1974, COMPANY PROPRIETARY, and also information as identified by SPAWAR or the SPAWAR Security COR.
- SPAWAR has identified the following items as Critical Information that may be related to this SOW:
  - Known or probable vulnerabilities to any U.S. system and their direct support systems.
  - Details of capabilities or limitations of any U.S. system that reveal or could reveal known or probable vulnerabilities of any U.S. system and their direct support systems.
  - Details of information about military operations, missions and exercises.
  - Details of U.S. systems supporting combat operations (numbers of systems deployed, deployment timelines, locations, effectiveness, unique capabilities, etc.).
  - Operational characteristics for new or modified weapon systems (Probability of Kill (Pk), Countermeasures, Survivability, etc.).
  - Required performance characteristics of U.S. systems using leading edge or greater technology (new, modified or existing).
  - Telemetered or data-linked data or information from which operational characteristics can be inferred or derived.
  - Test or evaluation information pertaining to schedules of events during which Critical Information might be captured. (advance greater than 3 days).
  - Details of SPAWAR/SSC Pacific unique Test or Evaluation capabilities (disclosure of unique capabilities).

- Existence and/or details of intrusions into or attacks against DoD Networks or Information Systems, including, but not limited to, tactics, techniques and procedures used, network vulnerabilities exploited, and data targeted for exploitation.
  - Network User ID's and Passwords.
  - Counter-IED capabilities and characteristics, including success or failure rates, damage assessments, advancements to existing or new capabilities.
  - Vulnerabilities in Command processes, disclosure of which could allow someone to circumvent security, financial, personnel safety, or operations procedures.
  - Force Protection specific capabilities or response protocols (timelines/equipment/numbers of personnel/training received/etc.).
  - Command leadership and VIP agendas, reservations, plans/routes etc.
  - Detailed facility maps or installation overhead photography (photo with annotation of Command areas or greater resolution than commercially available).
  - Details of COOP, SPAWAR/SSC Pacific emergency evacuation procedures, or emergency recall procedures.
  - Government personnel information that would reveal force structure and readiness (such as recall rosters or deployment lists).
  - Compilations of information that directly disclose Command Critical Information.
- The above Critical Information and any that the contractor develops, regardless if in electronic or hardcopy form, must be protected by a minimum of the following countermeasures:
- All emails containing Critical Information must be DoD Public Key Infrastructure (PKI) signed and PKI encrypted when sent.
  - Critical Information may not be sent via unclassified fax.
  - Critical Information may not be discussed via non-secure phones.
  - Critical Information may not be provided to individuals that do not have a need to know it in order to complete their assigned duties.
  - Critical Information may not be disposed of in recycle bins or trash containers.
  - Critical Information may not be left unattended in uncontrolled areas.
  - Critical Information in general should be treated with the same care as FOUO or proprietary information.
  - Critical Information must be destroyed in the same manner as FOUO.
  - Critical Information must be destroyed at contract termination or returned to the government at the government's discretion.
- The contractor shall document items of Critical Information that are applicable to contractor operations involving information on or related to the SOW. Such determinations of Critical Information will be completed using the DoD OPSEC 5 step process as described in National Security Decision Directive (NSDD) 298, "National Operations Security Program".
- OPSEC training must be Included as part of the contractors ongoing security awareness program conducted in accordance with Chapter 3, Section 1, of the NISPOM. NSDD 298, DoD 5205.02, "DOD Operations Security (OPSEC) Program", and OPNAVINST 3432.1, "Operations Security" should be used to assist in creation or management of training curriculum.
- If the contractor cannot resolve an issue concerning OPSEC they will contact the SPAWAR Security COR (who will consult with the SPAWAR/SSC Pacific OPSEC Manager).
- All above requirements MUST be passed to all Sub-contractors.
