

TECHNICAL QUESTIONS AND ANSWERS
 SOLICITATION N66001-04-R-0004
 MARKER ASSEMBLIES AND
 ACOUSTIC TRANSPONDER BOTTLES
PART 2

5	Q	<p>a. Amendment 0002 states CLIN 0001 delivery is 120 DARO. Is the contractor expected to build and deliver all 2720 Tethered Markers in that period?</p> <p>b. IF not what is the max and /or min <u>Quantity</u> to be expected in each order? This will have an impact on prices.</p> <p>c. Please clarify if First article is 20 units and is expected to take 180 DARO to complete.</p> <p>d. Does that imply that delivery of CLIN 0001,0002,0003,etc is 180DARO plus 120DARO after successful completion of FAT? A total period of 300DARO?</p>
	A	<p>a. No.</p> <p>b. Maximum purchase will be the initial \$300K, which is planned for the first order. Subsequent buys will <u>not</u> be for \$300K. They will be much lower numbers for re-supply of units lost, broken, or consumed in operations. The minimum quantities could be as low as 20 or so, depending upon price and available funds.</p> <p>c. Yes. First article is 20 units. Yes. The 20 units are expected to take 180 DARO to complete.</p> <p>d. Yes.</p>
6	Q	<p>a. Reference Amend 0003 to subject solicitation: Para. B (1)(a) Format: This para. states that "each volume must be separately bound" Is an electronic copy or hard copy of proposal required?</p> <p>b. Same section, (1)(b) - "double space" with only 3 pages of Narrative allowed to describe all the technical information requested in Volume 3, is "single spacing" allowed?</p> <p>c. Is a cover sheet for each of the 3 volumes of the proposal permissible?</p>

	A	<p>a. A hard copy of the proposal is not necessary. All offerors only need to submit an electronic proposal in accordance with the guideline under the Solicitation, Section L, Paragraph L-349. The electronic proposal will consists of three separate files as stating on Amendment #0003, paragraph L-1000-Submission of Proposal, e.g. first file titled as "Volume I - Contractual, second file titled as "Volume II - Price/Cost Information" and etc.</p> <p>b. Yes. Single spacing is allowed.</p> <p>c. Yes.</p>
7	Q	<p>In a final check of all the testing requirements on the subject solicitation that offerors are responsible for the following has come to our attention:</p> <p>REF: DWG 0207247, Transponder Electronics Checkout Pg 3, para 15: Performance of this test requires a <u>MK7 Shipset #0207063</u> (Dwg not provided).</p> <p>The SOW states there is "no GFE to be provided. "Will the Gov't rescind its "no GFE clause" and provide this test set in order that offerors can perform this critical test?</p>
	A	The Government will perform the final check with the MK7 Shipset upon delivery of the units.
8	Q	<p>Ref Drawings for subject solicitation: Dwg #020636-1,2,etc CCA Processor (Target) is missing from Dwg Package (CD). Could you please e-mail a copy ASAP.</p>
	A	This drawing was eliminated by the changes to the drawing package released 11-12-03. Drawing number 0202626 which used to call out 0202636 (deleted) now calls out 0202548.
